PROFIT AFTER TAX IN LAKHS RUPEES

CHAIRMAN & MG. DIRECTOR'S MESSAGE

Dear Shareholders,

I have great pleasure in presenting the thirteenth Annual Report and Audited Financial Statements for the financial year ended 31st March, 2023. The Indian Textile & Apparel Industry has maintained a stable trend during the year 2022-23. Sale of exports of the company was also increased as compared to previous year.

During the year 2022-23, your Company was able to achieve turnover of Rs. 28331.12 Lacs as against Rs. 28343.63 Lacs in the previous year, showing a very mild decrease of 0.04% from the previous year. The Profits after Tax of the Company for the year ended 31.03.2023 has been at Rs. 650.63 Lacs as against Rs. 627.01 Lacs in the previous year showing an increase in profit of 3.76% in comparison to the previous year..

When it comes to the current global scenario with respect to apparel manufacturing, it is advantage to India. With sanctions enforced and trade war with China the US market is becoming favorable and more opportunistic to Indian Textile Sector. Due to such events business of US Inc. is being shifted to the India during the year. We continue to monitor these developments with respect to our risks and opportunities.

Our success and growth greatly depends on the skills and dedication of our employees, co-operation of our Bankers, and other business constituents, whom I would like to thanks sincerely. I am looking forward to another exciting year ahead.

With the help and co-operations of all, we go through that phase positively and continue our work with required precautions at our unit.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Readers are cautioned that this discussion and analysis contains forward looking statements that involve risks and uncertainties. The Company undertakes no obligation to publicly update or revise any forward looking statements whether as a result of new information, future events or otherwise. Actual results, performance or achievements and risks and opportunities could differ materially from those expressed or implied in these statements. Readers are cautioned not to place undue reliance on these statements that speak only as of their date. The following discussion and analysis should be read in conjunction with the Company's financial statement included herein and notes thereto.

a. INDUSTRY STRUCTURE AND FUTURE OUTLOOK/ DEVELOPMENTS

The global textile industry has been facing exceptionally challenging conditions since the past two years due to the restrictions imposed because of the Covid-19 pandemic. Further, the global supply chain had seen unprecedented levels of pressure and disruption due to logistical impasse. This led to delayed delivery resulting into reduced product shelf life and increased inventory at importer / retailer level which resulted in reduction in export orders / delayed picking of confirmed orders, apart from sharp increase in vessel shipping cost. Further, prodigious liquidity globally led to a proliferation in commodity prices including Cotton, Dyes, Chemicals, Coal, etc. On a positive note, from the beginning of Q2 of FY 2021-22 post relaxation in Covid-19 induced restrictions, domestic market is showing an uptake in demand.

CONCERNS AND THREATS

The unfavorable fluctuations in cotton prices and other input costs make it difficult for Indian exporters to compete in the international market. The unfavorable foreign exchange fluctuations and non-availability of skilled workers also are hurdles faced by the exporters including the Company.

We are trying to focus on cost cutting strategies, development of new markets and maintain the quality of our products to satisfy and exceed the expectations of the market and look forward to a better market sentiment for textiles.

The primary raw material is cotton and cotton yarn, which are being sourced from the domestic market. Cotton is an agricultural product and its supply and quality are subject to forces of nature. Any material shortage or interruption in the domestic supply or deterioration in the quality of cotton due to natural causes or other factors could result in increased production costs, which the industry may not successfully be able to pass on to customers, which in turn would have a material adverse effect on business. There can be no assurance that the price levels of cotton will remain favorable. Any increase in cotton prices would have a material adverse effect on the industry.

However, the Company has over the years developed considerable expertise in responding to the changes in prices & demand. Due to company's integration & order based pricing, the company is generally able to pass on the increase in raw material prices to its customers.

OPPORTUNITIES

The good thing about Indian economy and textile industry is that both are more insulated from the

effects of world recessions or financial crisis. Around 70 percent of India's garment exports are towards its traditional markets of the US and the EU. However, apparel exporters are currently on the lookout for new markets. To reduce dependence on traditional markets like the US and Europe, apparel exporters are exploring new markets in Japan, West Asia, Africa, Middle East and Australia.

The Online Retail boom in India is credited more to domestic consumers and it is not export driven. Internal consumption of India is very strong, compared to China which depends largely on exports, which has the potential danger of turning into a threat. 60 percent of retail sales in India catering to the domestic market, in fact acts as a shield to the Indian retailer at large.

The need is now that the Government should support in terms of higher duty draw back rates to offset cost disadvantages in India. Side by side it should go for a faster formulation and implementation of sound policies for supporting textile sector. It is expected that the Govt. of India will take suitable steps and adopt suitable policies to boost the Indian textile industry. The apparel industry provides employment to about seven million people, out of which almost half of them are engaged in the export sector. Still there are wide opportunities available to Indian industry not only to grow in international markets but also domestically.

The Government proposes to increase the investment in this sector to generate more employment through various schemes viz. Scheme for Integrated Textile Parks (SITP), Technology Upgradation Fund Scheme (TUFs), Integrated Skill Development Scheme (ISDS), Technology Mission on Technical Textiles (TMTT).

India's textiles and clothing industry is one of the mainstays of the national economy. It is also one of the largest contributing sectors of India's exports worldwide. It is expected that the production as well as exports of textile products will increase in the coming years.

As expected, some customers in USA and Europe have started shifting textile business from China to India, Bangladesh, Vietnam, etc. Further brands focus has changed to sustainable product lines which can satisfy fashion needs also. We are preparing ourselves to take the advantage of both these changing trends.

b. COMPANY'S GROWTH PROSPECTS AND NEAR TERM OUTLOOK

The future seems to be good for the Indian Textile Industry both at domestic and international levels as India is still maintaining itself as an attractive destination for retail industry and foreign investments. While it is not possible to fully escape the impact of the global uncertainties, the Indian economy is better placed than many to withstand the shock.

Global market outlook is still not clear because of the new strain of Corona virus, world-wide. Vaccination drive has started and there is hope to cover most of the population across the globe. Our Product mix are more focused on sustainability having innovative finishes and accordingly we are ready to cater to the market, once domestic and international markets reopens in full swing.

d. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

f. RISKS, THREATS AND RISK MANAGEMENT

Your Company faces general risks inherent in any business including political, legal, geographical, economical and environmental and competition risks and takes appropriate steps to mitigate them and reduce their impact to the extent possible. The exports of the company are subject to set legal procedures and Govt. Rules, approvals and regulations and any change in them may affect the business of the Company. Raw material prices also affect the financial performance of the company.

RISKS AND THREATS

The opening of the international markets has thrown a host of opportunities with unique set of challenges. Today we can take justifiable pride in having joined the ranks of the US\$ trillion economies of the world. The change being witnessed can be attributed to several factors including increasing purchasing power of the masses, shifts in the buying behavior, demography dynamics, and growing urbanization, opening up of the retail segment to private and foreign players and changing

trends/lifestyle. Investments in the textile sector have increased significantly over the last three to four years.

The Indian textile sector faces a number of challenges, foremost being fluctuating cotton and raw material prices, infrastructure and inflexible labour laws. Inflow into India of spurious fabric material, counterfeit, fake and misleading selvedge descriptions continues. However, recognizing the threat these spurious imports poses, if continued unchecked, the government has taken a number of steps to check the inflow of such products.

INDEPENDENT AUDITOR'S REPORT

TO
THE MEMBERS OF BHANDARI HOSIERY EXPORTS LTD.

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Results of Bhandari Hosiery Exports Ltd. (hereinafter referred to as "the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Results give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response

1.	<p>Revenue recognition:</p> <p>Refer note no. 2 of the standalone financial statements. The Company's sales revenue mainly arose from manufacture and sale of Garments, Knitted cloth, Fabric Dyeing and processing etc. The Company recognizes sales revenue based on the terms and conditions of transactions, which vary with different customers. For sales transactions in a certain period around balance sheet date, it is essential to ensure whether the transfer of control of the goods by the Company to the customer occurs before the balance sheet date or otherwise. Considering that there is significant volume of sales transactions close to the year end, involving material amounts and such revenue recognition is subject to whether transfer of control to the customers has occurred before the balance sheet date or otherwise, we consider the risk of revenue from sale of goods being recognized in the incorrect period, a key audit matter</p>	<p>Principal audit procedures performed:</p> <p>We evaluated the design of internal controls over recognition of revenue in the appropriate period in accordance with the Company's accounting policy. On a sample basis, we tested the operating effectiveness of the internal control relating to determination of point in time at which the transfer of control of the goods occurs.</p> <p>We tested the relevant information technology systems used in recording revenue including company's system generated reports, based on which selection of samples was undertaken.</p> <p>On sample basis, we performed test of details of sales recorded close to the year-end through following procedures:</p> <ul style="list-style-type: none"> i) Analyzed the terms and conditions of the underlying contract with the customer, and ii) Verified evidence for transfer of control of the goods prior to the balance sheet date or otherwise from relevant supporting documents.

Information Other than Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Financial Statements, Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing

and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of our audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and

qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguard.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure ‘A’ to the Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Bhandari Hosiery Exports Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Bhandari Hosiery Exports Ltd.** (“the Company”) as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and

dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the criteria for internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

2.6 Impairment of Assets:-

A) Financial assets

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in statement of profit or loss

B) Impairment of property, plant and equipment and intangible assets

Property, plant and equipment and intangible assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU (Cash Generating unit) to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of

profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognized for the asset in prior years.

2.16.1 Accounting Policy & Valuation Method

The Gratuity Benefits are classified as Post-Retirement Benefits as per Ind AS 19 and the accounting policy is outlined as follows.

As per Ind AS 19, the service cost and the net interest cost would be charged to the Profit & Loss account. Actuarial gains and losses arise due to difference in the actual experience and the assumed parameters and also due to changes in the assumptions used for valuation. The Company recognizes these remeasurements in the Other Comprehensive Income (OCI).

2 Actuarial Valuation Method (Refer Para 67 of Ind AS 19):-

M/S. Bhandari Hosiery Exports Limited have used Projected Unit Credit (PUC) method to value the Defined benefit obligation. Under the PUC method a "projected accrued benefit" is calculated at the beginning of the year and again at the end of the year for each benefit that will accrue for all active members of the Plan.

The "Projected Unit Credit Method" is based on the Plan's accrual formula and upon service as of the beginning or end of the year, but using a member's final compensation, projected to the age at which the employee is assumed to leave active service. The Plan liability is the actuarial present value of the "projected accrued benefits" as of the beginning of the year for active members.

B. Financial Risk Management:

The principal financial assets of the Company include cash, bank balances and trade and other receivables that derive directly from its operations. The principal financial liabilities of the company include loans and borrowings, trade and other payables and the main purpose of these financial liabilities is to finance the day to day operations of the company.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks and that advises on financial risks and the appropriate financial risk governance framework for the Company.

This note explains the risks which the company is exposed to and policies and framework adopted by the company to manage these risks:

(i) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: foreign currency risk, interest rate risk and investment risk.

a) Foreign currency risk

Foreign exchange risk arises from the future probable transactions and recognized assets and liabilities denominated in a currency other than company's functional currency. The company has not carried out any transactions in a currency other than company's functional currency and therefore the company is not exposed to any foreign currency risk.

b) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates.

At the reporting date the the Company's interest bearing financial instrument with floating interest rates are as below:

Particulars	As at 31-03-2023	As at 31-03-2022
Variable Rate Instruments		
Borrowings (Non-current) (inclusive of current maturities)	8,411.74	9,411.67
Total variable rate Borrowings	8,411.74	9,411.67

Cash flow sensitivity analysis for variable rate instruments

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. A change of 100 basis points in interest rates for variable rate instruments at the reporting date would have increased/(decreased) profit or loss by the amounts shown below. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	As at 31-03-2023	As at 31-03-2022
Increase/ (decrease) in 100 basis point	84.12	94.12

c) Security Price risk:

Borrowings from Banks and Unsecured Loan		
0-1 years	1015.55	1069.98
